

Archives and Records Administration, College Park, MD 20740. Requesters must cite the control number assigned to each schedule when requesting a copy. The control number appears in the parentheses immediately after the name of the requesting agency.

**SUPPLEMENTARY INFORMATION:** Each year U.S. Government agencies create billions of records on paper, film, magnetic tape, and other media. In order to control this accumulation, agency records managers prepare records schedules specifying when the agency no longer needs the records and what happens to the records after this period. Some schedules are comprehensive and cover all the records of an agency or one of its major subdivisions. These comprehensive schedules provide for the eventual transfer to the National Archives of historically valuable records and authorize the disposal of all other records. Most schedules, however, cover records of only one office or program or a few series of records, and many are updates of previously approved schedules. Such schedules also may include records that are designated for permanent retention.

Destruction of records requires the approval of the Archivist of the United States. This approval is granted after a thorough study of the records that takes into account their administrative use by the agency of origin, the rights of the Government and of private persons directly affected by the Government's activities, and historical or other value.

This public notice identifies the Federal agencies and their subdivisions requesting disposition authority, includes the control number assigned to each schedule, and briefly describes the records proposed for disposal. The records schedule contains additional information about the records and their disposition. Further information about the disposition process will be furnished to each requester.

1. Department of Transportation, Office of the Secretary (N1-398-95-1). Routine and facilitative files from the Office of Intelligence and Security. Program files are scheduled for permanent retention.

## SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-36368; File No. S7-24-89]

### Joint Industry Plan; Solicitation of Comments and Orders Approving Amendment No. 5 to Reporting Plan for Nasdaq/National Market Securities Traded on an Exchange on an Unlisted or Listed Basis, Submitted by the National Association of Securities Dealers, Inc., and the Boston, Chicago and Philadelphia Stock Exchanges

October 13, 1995.

On October 12, 1995, the National Association of Securities Dealers, Inc., and the Boston, Chicago, and Philadelphia Stock Exchanges (collectively, "Participants")<sup>1</sup> submitted to the Commission proposed Amendment No. 5 to a joint transaction reporting plan ("Plan") for Nasdaq/National Market securities traded on an exchange on an unlisted or listed basis.<sup>2</sup>

<sup>1</sup> The signatories to the Plan, i.e., the National Association of Securities Dealers, Inc. ("NASD"), and the Chicago Stock Exchange, Inc. ("Chx") (previously, the Midwest Stock Exchange, Inc.), Philadelphia Stock Exchange, Inc. ("Phlx"), and the Boston Stock Exchange, Inc. ("BSE"), are the "Participants." The BSE, however, joined the Plan as a "Limited Participant," and reports quotation information and transaction reports only in Nasdaq/National Market (previously referred to as "Nasdaq/NMS") securities listed on the BSE. Originally, the American Stock Exchange, Inc., was a Participant to the Plan, but did not trade securities pursuant to the Plan, and withdrew from participation in the Plan in August 1994.

<sup>2</sup> The Commission notes that Section 12(f) of the Act describes the circumstances under which an exchange may trade a security that is not listed on the exchange, i.e., by extending unlisted trading privileges ("UTP") to the security. Section 12(f) was amended on October 22, 1994, 15 U.S.C. 78l (1991) (as amended 1994). Prior to the amendment,
